## EDITORIAL COMMENT

Call 449 if you fail to get the Kentuckian promptly. And if you have a news item, phone it to the same number.

There is no foundation for the report that Kerenky is on his way to the United States.

Monday's mails from overseas brought 205,000 "Mothers' Day" letters written in France.

The Kaiser doesn't claim the credit this time. He says "Fritz"—his pet name for Frederick William—and Gott won the victory at Soissons.

Lieut. Kiss, reputed to be the leading Austrian aviator, has been killed in an aerial battle, according to a dispatch from Berne.

Eighty-eight persons killed when British airmen raided Cologne, May 18, were buried in the same grave according to a Hague correspondent, who says inhabitants of the city were panic stricken.

The ten cent reduction on coal has been quickly restored by the increase in freight rates. It seemed almost too good to believe that coal was to be cheaper.

The next call is to be for 9,000 wood-choppers to work in spruce lumber production. It is not every man who can "saw wood and say nothing."

A Bible his mother gave him saved the life of William Wilson, an American soldier in the trenches. A Hun bullet headed for his heart hit the book and was abstracted and deflected until the young man was only slightly wounded.

The Rev. Malachi MacBranan has given out the following signed statement: "As a priest and a member of the Sinn Fein executive committee for the past year, I give my word of honor that the government's official statement that negotiations have been carried on between the Sinn Fein executive and Germany, is a falsehood and that a German invasion was never discussed by the Sinn Fein executive committee."

PURELY PERSONAL

Rev. J. G. Aiken has returned from a trip to Bowling Green.

Mrs. Henry Frankel and daughter and Mr. Sam Frankel motored to Henderson yesterday.

Mrs. W. D. Tichenor and family have returned to their home in McHenry, Ky.

J. R. Russell, of Redlands, Cal., is the guest of Dr. H. C. Beazley, 508 S. Walnut street.

Miss Mary Hayden has returned from a visit of two weeks to her cousin, Miss Henderson, in Trigg county.

Mr. and Mrs. Harry Frankel, of Louisville, are visiting Mr. and Mrs. M. L. Elb. Mrs. Frankel was formerly Miss Beatrice Moayan.

C. R. Clark, Lem Davis and Walter Robinson, colored, will return today from Providence where they part last night in a patriotic mass meeting for both white and colored people.

Miss Ethel Wallace has returned from Ward-Belmont College, Nashville. Miss Emily Braden who taught in that college during the past session will return home next week.

Mr. and Mrs. Malcolm Frankel have rented their handsome new home on South Main street, with its furnishings, to Mr. and Mrs. E. V. Rawn, of Nashville, for the summer. Mr. Frankel is now in the service at Ft. Thomas and Mrs. Frankel will go to Ft. Thomas Monday to be near him.

Mr. Rawn is President of the Southern Mineral Co., which has extensive mining interests in Crittenden county with headquarters here.

HIGH SCHOOL PUPILS  
PRESENT A LAUGHABLE FARCE  
COMEDY AT HOWELL.

The Howell High School last night presented a play called "The Village Lawyer," a farce comedy of four acts. The eleven characters were sustained by Fagan White, Lyle McEnight, Rawlings Slay, Fagan Dixon, Luther Sumner, Barksdale Caldwell, Elizabeth Johnson, Katie Stroube, Agnes Smithson and Robbie McKenzie.

# HUN ADVANCE CONTINUES

## COMMITTEE TO CONFER

WITH THE ELECTRIC LIGHT PEOPLE RELATIVE TO THE PROPOSED INCREASE.

A meeting to protest against the second passage of the ordinance proposing increases in the price of electric lights and gas to consumers was held at the H. B. M. A. at four o'clock yesterday afternoon.

Secretary Dalton, of the H. B. M. A. presided and presented an array of letters and telegrams showing that the prices here now were higher than in many places. He said the proposed increase would cost the public about \$14,000 a year and that the company's coal increase was about \$1,800 for Hopkinsville.

The City Commissioners were present and both of them stated that they did not intend to vote for the second passage of the ordinance.

Mr. Wicks stated that the first passage was a matter of courtesy to test public sentiment on a matter upon which his own mind was already fully made up. Mr. Stowe said he voted against the first passage and expected to do so again.

The meeting became a very tame affair after these statements and by unanimous vote a motion was passed to appoint a committee to confer with President Fitch, of the Kentucky Public Service Co., next Monday and hear his side of the story.

This committee consists of G. E. Dalton, J. A. Clements, H. M. Frankel, Geo. E. Gary, and J. D. McGowan. The meeting then adjourned.

## LOVE'S LABOR LOST SAYS

T. W. HENDERSON IN PETITION FILED CHARGING ALIENATION OF AFFECTIONS.

Suit has been filed in the circuit clerk's office by T. W. Henderson against Otho Robinson, charging the said Otho Robinson with "poisoning" the mind of the plaintiff's wife, Lelia B. Henderson, against her husband and alienating her affections. Plaintiff states that: "The loss of his said wife, her love, assistance, comfort, affection and companionship have caused him untold mental suffering, and in fact physical pain and anguish, all to his damage in the sum of \$5,000."

Plaintiff further states that he and Mrs. Henderson were married several years ago and have one child, a girl nine years old.

The defendant also is married and has a family. Both families reside in the Bluff Spring country in North Christian and are prominently and well known.

## CAMP TAYLOR FOR ARTILLERY

Washington, D. C., May 30.—Major General Harry C. Hale, now in command of the eighty-fourth national army division at Camp Taylor, Ky., will succeed Major General Edwin F. Glenn in command at Camp Sherman, Ohio. The eighty-fourth division with the exception of the artillery units is to be moved up to Camp Sherman and take possession of the Ohio cantonment, after the eighty-third division leaves.

The senior officer of the artillery brigade now at Camp Zachary Taylor will assume command at that camp temporarily until a permanent commanding officer is designated.

Camp Zachary Taylor has been selected as a permanent field artillery replacement camp and artillery center of instruction and will be used to its maximum capacity.

## NEW HEAD IS CHOSEN FOR SCHOOLS

GEORGETOWN MAN COMES HIGHLY RECOMMENDED AND WITH SPLENDID RECORD.

The Hopkinsville Board of Education met yesterday afternoon at 5 o'clock for the purpose of choosing a superintendent of the city schools to succeed Supt. J. W. Marion who is leaving to accept a position in Georgia near his old home and the home of Mrs. Marion.

The full membership of the board was present and had a long list of applications for consideration, many of which had been practically eliminated before the meeting yesterday afternoon. However, four or five names remained before the board until an election resulted.

Several of the men who applied were: Supt. J. C. Waller, of Georgetown, who was elected; M. M. Faughender, Henderson; Mr. Merriman, Washington, Ind.; Mr. Crouch, of Jeffersonville, Ind., and New York; T. Sanford Williams, Central City; W. H. Sugg, LaCenter; Mr. Medding, Princeton; Mr. Kennedy, Springfield, Tenn.; Mr. Bourne, Nashville; and R. M. Shipp, Clifton, Tenn.

The men voted for yesterday were Waller, Faughender, Shipp and Merriman, and it was not until the third ballot had been cast that a majority of votes was cast for Mr. Waller.

Supt. Waller is at present Superintendent of Georgetown, Ky., Schools and has been there in that capacity for five years. He is an A. B. and A. M. graduate of Georgetown College and an A. M. of Columbia University and an A. M. of Chicago University. While in college he engaged in several oratorical contests and won a championship medal. He is 37 years old and has a wife and two children. He is a member of the Baptist church.

Under Supt. Waller's management and supervision Hopkinsville schools will in all probability, enjoy a period of much prosperity.

After the board adjourned, Mr. Long telephoned Supt. Waller of his election and he gave his acceptance to begin the first of August.

## NO ANTHRACITE SOUTH AND WEST

BARRED FROM TRANS-MISSISSIPPI TERRITORY ALSO, UNDER ALLOTMENT FOR YEAR.

Washington, May 30.—Under the allotment of anthracite coal for the year ending next April, announced yesterday by the Fuel Administration, the supply to the trans-Mississippi territory and the twenty-four Southern and Western States has been entirely discontinued. The allotments to the Central and Northwestern States and Canada have been decreased and those to the New England and Atlantic States increased.

The total production of anthracite coal for the coming year is estimated at 89,000,000 tons. Part of this is to be used at the mines, part by the railroads and industrial plants, and the Army and Navy needs are to be supplied.

This curtailment of anthracite will necessitate an increased production of bituminous, or soft, coal and the mines in this field will be taxed to capacity to supply those who have heretofore been regular users of hard coal.

STEPHENS-SIMPSON.  
Mr. Eardin Stephens, of Hopkinsville, and Miss Ora Simpson, of the Crofton vicinity, were married here yesterday afternoon by the Rev. J. T. Watson, a local Methodist minister. The groom is a blacksmith connected with the Forbes Mfg. Co. and the bride is a winsome young lady and popular in her neighborhood. Each gave their ages as 21 years.

## BUSY AT THE HOSPITAL

SEVERAL NEW OPERATIVE AND MEDICAL PATIENTS AT THE JENNIE STUART HOSPITAL.

There have been several recent operations at Jennie Stuart Hospital and new patients admitted for treatment.

Lawson B. Flack, who was operated upon Tuesday night, is very ill.

Mrs. R. G. Lyle, of Howell, who was operated upon on the 28th, is doing nicely.

Mr. Edgar L. Reed, of Bainbridge, operated upon Monday, continues to improve.

Mrs. Winifred Smith, assistant superintendent of the Hospital, was operated upon yesterday afternoon for appendicitis, and is doing nicely.

Miss Ruth Beazley, of this city Mrs. Levi Cunningham, of Cadiz, Mrs. Jno. S. Gaines, of Gracey, and John Holmes, of Mannington, operative patients, are improving.

S. L. Ferguson, of Golden Pond, sent to the hospital May 10th for treatment for a broken leg, is slowly improving.

W. H. Meares, of Wilson, N. C., was admitted for medical treatment May 24th.

An infant of Mr. and Mrs. J. H. Sanders, of Cadiz, operated upon May 24th, is now doing well.

## VACCINATION OF EVERYONE

IS URGED BY THE BOARD OF HEALTH TO PREVENT ANY DANGER OF EPIDEMIC.

There is no disposition to start any undue excitement or to raise any false alarms, but there is serious danger of an epidemic of smallpox in Christian county if the people don't become aroused to the situation and take the necessary precautions, such as being vaccinated themselves, seeing that their neighbors are vaccinated and if any case develops in their section to make it their personal business to see that it is promptly reported to the health board and that thoroughly adequate measures are taken to quarantine the person or persons already affected and to prevent other cases from developing from it.

The Christian County Board of Health is fully aware of the situation and they hesitate to adopt the drastic measures which they have authority to do, so they are trying to get the people awakened and have them do this voluntarily. The following handbill has been issued and distributed freely in many sections of the county where the need appeared greatest:

"By vote of the Doctors in session at their regular monthly meeting, they unanimously agreed that every man, woman and child in Christian county who has not had small pox or can not show a good scar, should be immediately vaccinated. The County Board of Health recognizing this to be good advice, and knowing that we are in peril of an epidemic of small pox, the same being in the city of Hopkinsville and in various other parts of the county, HEREBY REQUEST all good, law-abiding citizens to call on their family doctor and be vaccinated.

BOARD OF HEALTH, Christian County.

HAYDEN MADE FIRE CHIEF.

Mr. E. S. Hayden has been appointed Chief of the Fire Department to succeed the late Chief E. P. Fears. Mr. Hayden has been one of the local firemen on duty at the Fire Station for several years. This gives us the chief on duty at the station, together with three others, at all times. The other three are John Lawson, Joseph East and Thos. O. Wadlington. W. H. Hester remains assistant-chief as he was under the late Chief Fears.

## HUNDREDS OF ALLIED FLAGS UNFURLED

(By International News Service.)

Washington, May 30.—Over the graves of hundreds of heroes at Arlington today waved the silken flags of France, England, Belgium and Italy, circling a great United States flag in commemoration of memorial day. President and Mrs. Wilson were present at the ceremonies in addition to many other figures prominent in life at the capital. Diplomatic representatives of Allied nations attended the memorial exercises.

## WEED AVERAGE IS LOWER

SALES FOR WEEK ALMOST REACH MILLION POUNDS ON LOOSE FLOORS.

Still hovering around the million mark, the week's average fell off slightly in price this week. This slight falling off was due to a preponderance of the common and medium grades. The price again reached the high mark of \$23.50.

The sales for the season are more than 6 million pounds greater than this date last year.

The farmers have been paid over \$3,000,000 for tobacco sold over the loose floors this season. Much of the weed grown in this section has been sold in the barns and this added to the loose floor sales will probably amount to more than \$4,000,000.

The report for the week is as follows:

LOOSE FLOORS.  
Sales for week.....941,965 lb.  
Sales for season.....21,714,120 lb.

## PRIVATE JONES WAS GASSED

An official report from the commanding officer obtained by Congressman Kincheloe states that Pvt. Addison William Jones, a Hopkinsville boy, was gassed on Feb. 26 and removed to a hospital where he recovered and went back on duty on March 29.

Pvt. Jones is the only Hopkinsville boy so far reported injured on the battle front in France. He is a son of Mr. and Mrs. John W. Jones. A copy of the official report was received Wednesday in a letter from Congressman Kincheloe to Mr. and Mrs. Jones.

The Arnold mine No. 11 at Earlington has been worked out and its machinery removed.

## HUNS CLAIM TO HAVE CAPTURED 35,000 PRISONERS AND IMMENSE SUPPLY DEPOTS AND HEAVY GUNS--PARIS IS THE GOAL.

IN 54 MILES OF PARIS.

(By International News Service.)  
BULLETIN.—THE GERMANS HAVE TAKEN THE TOWNS OF FERRE-EN-TARDENOIS AND VEZLY, THE WAR OFFICE ANNOUNCES IN A NIGHT COMMUNIQUE. FERRE-EN-TARDENOIS LIES 8 MILES NORTH OF THE MARNE AND 54 MILES NORTHEAST OF PARIS.

PARIS, MAY 30.—FRENCH AVIATORS IMMEDIATELY AFTER THE START OF THE GERMAN DRIVE BEGAN A GIGANTIC CAMPAIGN AGAINST GERMAN COMMUNICATIONS, WHICH IS STILL IN FULL SWING. FORTY-EIGHT GERMAN MACHINES HAVE BEEN BROUGHT DOWN BY FRENCH FLYERS. ALMOST 80 TONS OF BOMBS HAVE BEEN DROPPED.

Paris, May 30.—The Allied resistance is stiffening all along the line, the foe's advance becoming correspondingly slower. Rheims is still in the hands of the Franco-British right, which is fighting tenaciously two miles outside of the city. On the left the Allies are clinging to the Western approaches of Soissons. German attempts to debouch southward from this town and spread out their right have been a costly failure. In the center the Crown Prince's arrowhead pushed on in front of Ferre-en-Tardenois, the German center juts Rheims-Paris railroad. This town is being stubbornly defended. French reserves are backing up the resistance here. To the southeast of Ferre-en-Tardenois, the German center juts out as far as the approaches to Vezilly, some 13 miles from Marne. The depth of the German advance in the center since the drive began is nearly twenty miles. There is no longer any doubt that the Crown Prince is aiming at Paris. German strategy includes the isolation of the French armies between Rheims and Belfort.

Berlin's Big Boasts.  
Berlin, May 30.—More than 35,000 prisoners have been taken, the war office announces. The booty is described as tremendous.

Guns of every description, including railway guns of the heaviest calibre were captured. The statement adds "the impetuous advance of our troops has prevented the enemy from carrying back rich war provisions heaped up in large supply depots in the captured territory."

"The forts northwest of Rheims have fallen to us," the war office announces. "New French army in course of formation broke down under German attacks," the war office announces.

## HEADS LABOR ORGANIZATIONS AMERICANS BAG TWO MORE

WARNED BY DIRECTOR GENERAL McADOO AGAINST STRIKES OR WALKOUTS.

(By International News Service.)  
Washington, May 30.—Director General McAdoo today addressed a communication to the six heads of the labor organizations having jurisdiction over machinists, boiler makers, and other branches of organized labor employed in railroad shops, pointing out the meaning and possible consequences of a strike or walkout of railroad employees during the war.

## THE DRAGNET CATCHES MANY

Up to 10 o'clock last night there were 18 persons who had been notified to appear in Police Court this morning to answer to the charge of violating the automobile ordinance. Some days ago warnings were sent out from the Police Department that the law would be enforced more strictly and all violations punished. It appears from the catch of the police dragnet last night that many do not intend to heed the warning.

TOLL NOT SO GREAT.

(By International News Service.)  
London, May 30.—Six German machines were brought down yesterday by the British.

CASUALTIES SUMMED UP.

(By International News Service.)  
Washington, May 30.—The total casualties in the American expeditionary force to date are 6,463.

## HERE'S ONE BRIGHT SPOT

(By International News Service.)  
Washington, May 30.—Pershing in a night communique says the Germans were repulsed in all attacks against the new American positions near Cantigny. The artillery was active.

## QUIET IN FLANDERS

(By International News Service.)  
London, May 30.—The French on the Flanders front improved their positions last night by a local operation to the east of Dichebush Lake. Field Marshal Haig reports in a night bulletin. Only artillery activity is reported from the remainder of the British front.

The closing of the tobacco season in Owensboro shows Red Cross gift sales were \$5,339.22.

oil that might be used for other  
purposes be thus used.

The Kentuckian's "pony" service

material item of the big news of the  
day. The Kentuckian yesterday left  
nothing but details to be handled by  
the big morning papers arriving later

Bohemian hopes of independence  
from the domination of Austria-Hun-  
gary assumed a more concrete form  
recently in a large city near the  
Italian front when a regiment of Bo-  
hemian troops received a battle flag  
on the eve of their departure for  
the fighting line. Under their own  
red and white banner and their own  
officers, the Bohemians are now rang-

forces in battle against their oppres-  
sors.

On the American sector 14 Ger-  
mans penetrated an American trench  
after a gas attack but were met  
with hand to hand fighting with  
knives and bayonets, both sides with  
gas masks. The Germans had been  
ordered to take prisoners at any  
cost but they failed to get any. The  
American losses were insignificant.  
The enemy lost all the fourteen men  
who penetrated the American position  
—nine having been killed, one having  
died of wounds and four having  
been made prisoners.

When the Butler county contingent  
marched for Camp Taylor this week  
a little woman went with her two  
sons to the depot and her parting with

"Read these books and be good boys,  
and your mother will be proud of  
you. Your grandfather and father  
were soldiers and if you  
fight, then fight like hell."

## HENRY REX.

Henry Rex was born July 28, 1842,  
in the province of Brandenburg, Ger-  
many. He came to this country with  
his parents in 1855 on a sailing ves-  
sel which was 8 weeks in crossing  
the Atlantic. From New York they  
came immediately to Dodge county,  
Wisconsin, and settling on a farm in  
the town of Hubbard. On January  
19th, 1864, he married Withelmina  
Dowe. They set up their home on a  
neighboring farm and continued  
at that place until the fall of 1873  
when he purchased a drug store at  
Hustisford, Wis. Conducting same  
and later turning over a part inter-  
est to his son Charles. In the spring  
of 1901 he sold his interest in his  
son and removed to Hopkinsville,  
Ky., where the 3 younger children  
were finally married and located. Mr.  
Rex during his residence here was  
not in any active business, merely  
taking a personal interest in his chil-  
dren and grandchildren. He is survived  
by his wife, two sons—Charles, of  
Hustisford, Wis., and Hugo, of Mil-

### CALL 200,000 FOR ARMY WORK

MEN OF MINOR PHYSICAL DE-  
FECTS TO DO PRODUCTION  
WORK REQUIRED BY ARMY

Washington, May 30.—Two hun-  
dred thousand men of draft age be-  
cause of minor physical defects who  
have been held by examining surgeons  
over the country for limited military  
service, are to be employed in pro-  
ducing or handling equipment for the  
army. Provost Marshal General  
Crowder was so ordered.

Orders went forth to governors of  
states for upwards of 3,000 men for  
service in spruce production of air-  
planes. The men will be allowed to  
volunteer until next June 6.

After that date a report will be  
made to the provost marshal general  
and if there are not sufficient volun-  
teers, allotments will be made to the  
various states to be filled by invol-  
untary inductment.

Some ten thousand men of the  
army now are engaged in getting out  
spruce timber in the northwest and  
the signal corps constantly is increas-  
ing this number. Consequently the  
sending of the new men to this field  
will constitute no new policy and it  
is understood that it has no relation  
to complaints that Industrial Workers  
of the World there have retarded the  
output of spruce.

Some twenty-four trades or classes,  
including transport and construction  
men, office workers and laborers are  
desired for the spruce division. When  
this division has been filled, men will  
be called to fill other staff services of  
the army until the 200,000 total has  
been exhausted. No indication was  
given as to when other calls will be  
made.

In a statement announcing the  
new plan, Gen. Crowder said the so-  
lution of the question of what to do  
with these men had been one of the  
great problems of the draft.

Some of the men, it was explained,  
have a thumb or toe or eye missing,  
but almost every one of them is en-  
gaged in active business and thus  
was held to be of some use in the mili-  
tary establishment. After months of  
study, it was decided to call them  
into branches of the new army en-  
gaged in producing equipment for the  
fighting men.

Elliott Morton, Master Commission-  
er and Earl Fowler, County Attor-  
ney, of Morganfield, have joined the  
Marines.

## COAL SHORTAGE OF 71,000,000 TONS

FUEL ADMINISTRATOR SAYS GREATER PRODUCTION THAN EVER REACHED IS NECESSARY.

Philadelphia, Pa., May 29.—The production of coal in the United States for the year beginning April 1 must reach 735,000,000 net tons, J. D. A. Morrow, general director of distribution of the United States Fuel Administration, told the National Coal Association in convention here. This means an increase of 85,000,000 tons over the production of the coal year 1917, if the war demands of the country are to be met. It is doubtful, Mr. Morrow said, if the production of anthracite coal can be increased over last year's total of 39,000,000 gross tons. Therefore the entire 85,000,000 tons must come from the bituminous mines. To meet these requirements it will be necessary to maintain an average weekly production of 12,600,000 tons of bituminous. This quantity has not been produced in any single week in the history of the bituminous coal industry. The record week's production was 11,825,000 tons. The output of the bituminous mines for April, the first month of the new coal year, was 47,000,000 tons. Should this rate of production be maintained throughout the year, the total output would be only 564,000,000 tons. Under the present estimates of necessary consumption, the country at this rate of production would face a bituminous coal shortage of 71,000,000 tons, Mr. Morrow said.

### A CRUEL JOKE?

One of our popular young ladies played a cruel joke on her mother, and this is how it happened. She accidentally found a love letter that her father had written her mother in their halcyon days of courtship. She read the letter to her mother substituting her own name and that of her lover. The mother raved with anger and stamped her foot in disgust forbidding her daughter to have anything to do with a man who could write such nonsensical stuff to a girl. She gave the letter to her mother to read and the home suddenly became so quiet that she could hear the snow flakes falling in the back yard.—Princeton Leader.

Two negroes beat up Jailer Albert Jones, of Caloway county, and escaped. One was recaptured.

## Wait T'will Pay You

KOPPEL CLOAK CO., OPENS Saturday, June 8th.

## SLOGANS ON THE COAL SITUATION.

If you don't want heatless days next winter order your coal now. Foresight now means anthracite next winter.

Just because you are warm now don't forget you were cold last winter.

Mines work only to fill orders. Keep them busy this summer.

You can borrow money. You can't borrow coal. Do you get it?

You have no right to talk about inefficiency in others until you have bought your winter's supply of coal and thus helped lift the burden from the railroads.

In London and Paris they hide in the coal cellars from the air raids. You may have to do the same thing if you don't fill your cellar with coal now.

That extra shovelful of coal you save will send a troopship faster through the danger zone.

When you try to borrow coal next winter you'll only borrow trouble. Buy yours now while the price is reduced.

A cold citizen doesn't make a warm patriot. Go to the telephone and order your winter's coal now.

The householder in Germany can get only one-third of the coal he wants. You can get all you need if you buy now.

One of the worst forms of slackening is putting off doing your duty. Order your supply of coal at once.

If you take care of the shovelful the coal mines will take care of the rest.

You can afford to borrow money to lay in your supply of anthracite now. The 30 cents a ton reduction in price will pay the interest on what you borrow.

The coal operators can not store coal when it comes from the mine. You can. Make space for the coal you will use next winter—then fill it.

There are a hundred ways to economize in the use of coal. Practice some of them.

Uncle Sam can't send supplies to the boys over there without coal. Save some to help your boy and your neighbor's boy.

### NEW WAR CRY.

The Lincoln Division has a new war cry, says the Courier-Journal, whose author is E. Roland Dawson, army song leader. It is like the rebel yell and many college rally calls, is easily remembered and when given by hundreds of men very effective. It is to commemorate the association of three States, Indiana, Kentucky and Illinois, in the formation of the division, and follows:

### WAR CRY.

I-KI! I-KI! KI! KI!  
I-KI! I-KI! KI! KI!  
I-KI!!!!

As an improvement, we suggest the following:

I-KIL! I-KIL! KIL! KIL!  
I-KIL! I-KIL! KIL! KIL!  
KI-SER!!!!

## Sale of

NINETY-SIX HEAD IMPORTED AND NATIVE BRED REGISTERED JERSEYS

At Elkton, Ky.,

TUESDAY,

June 4, 1918.

The experience of last winter compels us to greatly improve and enlarge our dairy and stable accommodations. To do this will require all of our time this summer and fall. Rather than cull over our herd, we have decided to make this sale and absolute dispersal of our entire herd without reserve or protection. Therefore this is an opportunity to buy the best at your own appraisal with ninety-six head to pick from.

Our motto has been "Buy the Best and Breed Them Better." We stand back of every animal we offer.

We have MAJESTY, GAMBOGE'S KNIGHT, OXFORD YOU'LL DO, and RALEIGH breeding the predominating strains in our herd. Realizing that no one appreciates a good cow more than a woman, the ladies are always welcome at Elk Valley Sales. Sale begins after early lunch, served on the grounds. Come early and inspect cattle. Write for catalog.

### ALIEN PROPERTY BOSS TAKES OVER OWN BANK.

(By International News Service.)  
Salina, Kan., May 29.—The Farmers' National Bank has been named alien property custodian for this section of Kansas. One of the first things it had to do was to take over

the property it occupied, because it belonged to Gustave Kothe, a native of Germany.

Kothe lived here formerly, but some twenty-five years ago returned to his native land to represent the United States. He has never returned.

### AIREDALE GIVES SALUTE.

(By International News Service.)  
Camp Lewis, American Lake, Wash., May 29.—Sergeant Richardson, of the Remount Depot here, has a pet Airedale terrier which can give the military salute with as much correctness as his master. He "makes it snappy," too.

### WANTED! WHITE BREAD MINUS WHEAT OR RYE.

(By International News Service.)  
Springfield, Ill., May 29.—A prize of \$1,000 hangs on a Governmental tree awaiting anyone who can shake it down by baking a white palatable loaf of sandwich bread that has no wheat or rye in it. The United States Food Administration is offering the incentive.

Announcement of a nation-wide contest in the task has been received by local bakers and restaurateurs. And a large number of them are seeking the prize.

### SUMMER HAS "CAME" SO GOTHAM SWELTERS.

(By International News Service.)  
New York, May 29.—Father Knickerbocker has just cast aside his red flannels, donned his straw hat and is out in his back yard digging for bait. Spring didn't have a chance, so sudden was the jump from winter to

summer. With the arrival of the first day of summer, there followed on the record books three heat prostrations and the appearance of the first straw hat.

### DEPARTMENT PUBLIC ROADS, FRANKFORT, KENTUCKY.

Eternal maintenance is the price we must pay for good roads.

Good roads to-day mean prosperity tomorrow.

A farm with poor roads is certainly a heavy burden.

Has the Good Roads fever reached your home yet?

A good road is the avenue that gives new life to a run-down community.

How long and weary is the road back home after a hard trip to town on a bad road.

There are none who have such poor highways as those who WILL not have good ones.

Henry Ford gave \$250,000 to the Detroit Red Cross.
